

# European Electromobility Observatory

and  
**You**

***How can we cooperate in  
demonstrating, promoting and standardizing  
electromobility?***

**Jos Streng, EEO Coordinator**

EVS27, Barcelona November 18, 2013

**Funded by the EU**

# As you may know, the EEO....

1. .... is funded by the EU to observe the development of European Electromobility  
(in support of authorities at all levels who want to speed it up)
2. .... has been set up and is being operated by a group of knowledge partners and dissemination partners
3. .... gathers, analyzes and disseminates data
4. .... will be most successful when your data too will be included
5. .... still has a long way to go

**EEO Team**

**Knowledge Centre:**

**Dissemination Network:**

# EEO Dissemination Network

# How far have we come?

1. A survey to identify needs and expectations
2. A general data survey, a contact database and a website ([www.eu-observatory.eu](http://www.eu-observatory.eu))
3. Two workshops and a webinar, highlighting topics of your interest
4. Seeking and finding cooperation with main projects and initiatives (EVI, CVP, Green eMotion, FREVUE...)
5. Very busy analyzing the first round of data collected and trying to whip up the first annual report

# **We observe.....**

- **Vehicles and infrastructure**
- **Projects and programmes**
- **Policies, strategies and measures**
- **EV stakeholders (=YOU, or you wouldn't be here)**
- **That all of the above would benefit from standardization and coordination (technical matters, and in monitoring)**

# The EEO wants you.....

- To tell us what you know
- To tell us what you want/need to know
- To tell us what what we need to know
- **Starting.....*now!***

# **EEO Invitation to EV stakeholders**

**Joint Green eMotion – EEO workshop**

***Towards a EU-wide Interoperable Electromobility System  
share experience, identify best practices***

**November 19, 2013, 13.00 – 15.00**

**Room 1.3**

## **EEO Secretariat**

**House of the European Cities, Municipalities and Regions**

**Square de Meeûs 1**

**1000 Brussels**

**0032 2 223 2811**
